Dear Friends:

Congratulations to the Governor's Council for Community Health Partnerships on 10 outstanding years of dedicated service! It is a pleasure to extend greetings to all those attending this anniversary milestone.

Your outstanding example of service to the children and families in your community is an inspiration to the state. The unselfish time and energy devoted to those in need of health care has enabled a better quality of life in the Palm Beach County area.

I wish you the best as you continue to develop and strengthen the partnerships which have made you so successful.

Sincerely,

A handwritten signature in black ink that reads "Jeb Bush".
